## PROJECTS

### ProntoMock ( [GitHub](#) / [Live Site](#) / [Demo](#) )

**Designer / Developer**

September 2022 - October 2022

- Utilized React, Redux, React-Router, and Firebase to design and create a rapid online mockup tool from scratch.
- Integrated 3 libraries, local storage, and APIs to provide high quality exports and wide range of styling options to users.
- Implemented a file storage system, user authentication, intuitive drag editing, over 20 popup forms, and over 50 edit options.
- Developed the application with accessibility in mind, ensuring responsive web design and SEO.

### One Premium ( [GitHub](#) / [Live Site](#) )

**Designer / Developer**

June 2022 - August 2022

- Self-taught front-end development and UI/UX design within 3 months, completing over 500 hours of coursework.
- Undertook 5 major programming and UI/UX design projects, earning 3 specialization certificates from Google.
- Designed a personal website using React that feature scroll animations, page transitions, and hand-drawn graphics.
